

## PRODUCT IDENTIFICATION

Description

Reference	Designation	CAS Number
SP-9S-5-001	Poly Isosorbide Bis Epoxy	Not Identified

## THEORETICAL PHYSICAL / CHEMICAL PROPERTIES

<b>Physical Aspect</b>	Yellow liquid
------------------------	---------------

<b>Epoxy Index (meq/g)</b>	$4 < \text{Epoxy Index} < 5$
----------------------------	------------------------------

<b>Solvents</b>	Chloroform, tetrahydrofurane
-----------------	------------------------------

## NMR SPECTRA
